Lemon Grove Review

VOL. 7; NO. 23 — LEMON GROVE, CALIFORNIA JANUARY 27, 1955 — 10c Per Copy

POLIO 'D' DAYS THIS WEEK

A potpourri of events, gimmicks and gags will be worked in the interest of the polio foundation fund over a long week-end in Lemon Grove starting Friday.

Such things as a slave auction, a pie-in-the-face event, a road block, a block of dimes and a balloon sale, all will be whipped together by polio chairman Henry Goldy and the merringue on top will be the Mother's March on Monday. These events, and others during the coming week, are designed to produce more than $5,000, this being the total collected in last year's record breaker.

The Kiwanis Club will have charge of the Block of Dimes and the Balloon sales Friday and Saturday. These events will be strung out along Broadway, both ways from Main and Imperial. High and grade school kiddies, Scouts, Blue Birds and Campfire Girls will help, too, reported Rev. Dan Apra, Kiwanis president.

Girl Scout Troop 819, all Lincoln High School Seniors, has volunteered to work the Block event. Mrs. Corene Anderson, their leader, made the arrangements.

On Saturday starting at 2:30, a "Polio Road Block" will be set up on Broadway. Autoists will be permitted to proceed only after paying tribute to the "polio collectors." Just to keep order, and also to see that traffic flows smoothly if not fast, will be members of the sheriff's department. This will include Sheriff Willard Rigley and Hal Johnston. The Lions Club is in charge of this event but volunteers are needed, according to Lions president A'•Cole.

Slave Auction to Attract

About the same time the Slave Auction will get under way. Citizens may bid for the services of a group of business and professional men. If acquired, they may be used for any purpose where work is involved. Ready for the slave whip are Jim Pearce, Dr. Don Johnson, Dr. Milton Miller, Judge Luther Hussey, Dr. Robert Swenson, Dr. Frank Gigliotti and Chuck Caulkins. It should be pointed out that these men may buy themselves back by overbidding the top offer.

The pie-pushing event is a little more messy. Two Grove bakers have contributed enough pies to make Mack Sennett jealous. Here, the participants bid for the privilege of shoving a custard pie in the face of several volunteers. These will be Henry Goldy, Kamp Kempton, Max Goodwin, Frenchy Faucher, Harry Griffen, Tony Sonka, Dr. Gilbert Chassey, George O'Leary and deputy Willard Rigley. The pies are being supplied by the Grove Pastry and Brolin's Swedish Bakery.

The auctioneer in both events will be Forrest Dokken, vice chairman of the Lemon Grove polio fund drive.

School Contributions in

Dokken reported that the Monterey Heights school had turned in $165 from the take-home cards the kiddies were given. Other schools will be making reports by next week, he said. All receipts are being deposited directly with the First National Bank. Dokken also said that Lions who would man the Road Block are Bob Schnick, Clarence Milbrodt, Grant Hadley, Dr. Cal Nicholl, Roy Erwin, Emmett Marshall and Bruce Harms.

Chairman Goldy said that a shadow auction and box dinner auction would be held at the Sportsmen's Club, 3496 Main St. These events will start at 8:30 Saturday. In conjunction with this would be a square dance, Kamp Kemton, club proprietor, said. Members will be bid for as their shadow is cast on an illuminated screen. Naturally, the shadow will be distorted. Diners that night will be box type but more contributions are needed. All receipts from these events will go to the fund.

Set for a later date is a banquet for the four Marines marching to Los Angeles at a dime a step. These men, veterans of the Korean evacuation, will be guests together with their escorts, and their commanding officer, at Pal's Cafe. A tentative date has been set for Monday, February 7, depending on the schedule of the youths. Local residents are invited to visit with the soldiers during their party. All receipts of that evening will go into the polio coffers, Ted Fetters, Pal's operator, said.

Mothers to March

On Monday, January 31, Lemon Grove will be lit up like a huge Christmas tree when about 200 women join forces in the annual "Mother's March." According to Mrs. Arlo Martin, March

Continued on Eighth page

AS ONE POLIO WORKER SAID TO THE OTHER—

It looks like fun to you . . . but it'll be a pain in the neck to these two pie-tossing huskies when the local polio organization holds pie-pushing ceremonies in connection with the local drive.

Any citizen may bid for the privilege of pushing a custard pie into the face of one of several persons who have volunteered for the job. Naturally, money paid for this exquisite pleasure will go into the Dimes fund.

Above, Frenchy Faucher, postmaster, one of the volunteers to lend his face, shows Henry Goldy, local chairman of the March of Dimes, the proper procedure for applying custard to the physiognomy of the other.

The event will take place on the local plaza Friday and Saturday afternoon. There will also be a slave auction, a balloon sale, a block of dimes, a road block and other events designed to set a new record for Lemon Grove contributions.

Residents to Vote for Two Officials in Water Works Election Wednesday

Registered voters will be permitted choices for two offices from among six men when they go to the polls Wednesday to vote in the La Mesa, Lemon Grove and Spring Valley Irrigation District election. The two offices are those of director of the board, and assessor-collector - treasurer. In the former two men are running against Harry Griffen, incumbent. One, Roy Nielsen, real estate broker, is running on a platform of intelligent engineering of the district's forthcoming expansion.

The other, Robert Von Willer, plastering contractor, is offering his successful business background, his integrity and his civic awareness as his platform.

"I think it shameful that so few people vote in these irriga-

Robert Von Willer

tion district races," Von Willer said. "How can taxpayers have real representation unless they get out and vote? I hope all the people I know will got to the polls Wednesday whether they vote for me or not."

The Review endorses Von Willer as director.

For the post of assessor-collector-treasurer, ailing James L. Squire, incumbent, is running against former irrigation district board member Bert B. Fenwick. Squire had announced his decision to retire to this newspaper a few days before the deadline for filing nominating petitions. The other contestant is R. B. McArthur of La Mesa.

Fenwick said that his knowledge of the operation of the district as a former board member would prove invaluable to the district, he pointed out.

"Irrigation district as well as all taxes are too high," Fenwick said. "As assessor I give my promise that my valuation of your property will not be out of line."

"Lemon Grove's assessed valuation has jumped unreasonably," Fenwick pointed out. "Three

Bert B. Fenwick

years ago it was one-and-three-quarter-millions. The next year it jumped to three millions, and last year it became four-and-a-third-millions. District assessments are on land only and land in Lemon Grove hasn't increased in that proportion," he added.

The Review endorses Bert Fenwick for the position.

McArthur's views appear elsewhere in this newspaper.

Polls will be open from 7 a.m. to 7 p.m. Wednesday. Qualified voters have received notices, the first in the history of the irrigation district. Any question as to eligibility should be directed to Margaret Penry, secretary to the board of the district. Nominees are elected for a four year term although district elections are held bi-annually.

RED CROSS PROJECTS HELD AT JUNIOR HIGH

Student projects for the American Junior Red Cross are now being completed at the Lemon Grove Junior High School, according to Mrs. June Mason, faculty sponsor of the group. In the shop classes, boys have constructed attractive colorful hobby-horses and toy ducks for less-fortunate children. This was done under the direction of Albert Van Zanten, shop instructor.

In Mrs. Barbara Hughes' homemaking classes, seventh grade girls are making sox dolls for distribution to needy children. Pictures of these items made by the students will be taken for the student yearbook.

Richard Mildbrodt Obtains Master's Degree at U. C.

Richard Milbrodt, resident of Lemon Grove for the past six years, has been awarded a Master's degree in Public Administration from the University of California at Los Angeles, the institution announced last week. Milbrodt graduated from San Diego State College in 1953 with a B.A. in political science whereupon he entered the UCLA graduate program.

At one time a part-time writer for the Review, Milbrodt has been active in Lemon Grove civic affairs and during the past summer was employed by the Chief Administrative Officer of San Diego County. Future job plans are not yet known, but probably will be within San Diego County although he has applied for a Kansas job. Milbrodt's father, Clarence, is the manager of the Lemon Grove Piggly Wiggly store.

LEMON GROVE FREEWAY BIDS BEING OPENED

SACRAMENTO — Bids for the Lemon Grove freeway are being opened this week by the State Division of Highways in Los Angeles. The bids, which will be checked over on Thursday, January 27, for the first unit of the Lemon Grove freeway, will start the first step of a six lane freeway to about one block east of College Avenue at Broadway.

The freeway will eventually extend from 18th Street in San Diego to the vicinity of La Mesa where it will connect with U. S. Highway 80. The first unit will be 2.7 miles in length.

Upon completion, this section will relieve congested traffic on Federal Boulevard and Broadway, which now carry State Sign Route 94 through the area. For the most part the Lemon Grove freeway route runs a few hundred feet north of and generally parallel to Federal Boulevard and Broadway.

An allocation of $2,087,000 for construction of the Euclid Avenue-College Avenue unit as a six-lane freeway has been provided.

Interchange connections to Federal Boulevard and Broadway will be provided in the vicinity of 56th Street, 60th Street and College Avenue in Lemon Grove. A separation structure will carry 56th Street over the freeway, and another will carry the westbound on-ramp from Federal Boulevard under the freeway lanes slightly west of 60th Street.

At the temporary end of the freeway in Lemon Grove near College Avenue, the itnerchange will include two structures and connecting ramps. College Avenue traffic will cross under the freeway lanes. Westbound traffic will enter the freeway by means of a ramp beginning on Broadway near King Street and crossing over the eastbound freeway lanes before entering the westbound lanes.

Funds for extending the freeway eastward from the vicinity of College Avenue to Campo Road are included in the 1955-56 State Highway Budget in the amount of $3,480,000. This section will be two and one-half miles in length and will be constructed as a four-lane freeway.

PUBLIC "TOWN HALL" MEETING PLANNED FOR GROVE

Between 30 and 40 persons met Saturday, January 15, in what was described as a "spontaneous" public meeting, to investigate the advantages of a "town hall' type of local government.

A public meeting will be scheduled at the junior high school, a spokesman said. He also said that Lee Thompson had been named chairman.

Men's Club Members' Views Varied in Aim for Future

Another stormy session faced the members of the Lemon Grove Men's Club when it met to appraise itself and its future in the community. Vice president Postmaster Frenchy Faucher, who presided in the absence of president Bert Betts, asked for a decision on the change of the club's lack of objectives.

Louis Barker, key and mower man, said that the club was like a ship without a rudder if it continued to stand for nothing.

Louis Glaser, auto repairman, and recent aspirant for council, suggested an improvement association of the town council type to represent people who presently felt they had no voice in community matters.

Harry Griffen, rancher and investor, said that a meeting was planned by a group which had arisen spontaneously. "This meeting would represent the average householder . . . a meeting in which these people may place credence. The average householder should be heard," he pointed out. "Too often small groups think they are representing the public at large. This is not always so," he said. The meeting will hear members of the La Jolla Town Council, the council of Rancho Santa Fe and the Mission Valley Improvement Association. He said that announcement of the meeting date would be made later.

Kenneth Conrad, local mortician, said that the community should work in conjunction with the county supervisors. "They are our governing officials now," he said. "We get help from them . . . or nothing."

Andy Anderson, a charter member of the club, reviewed the club's activities in regard to the Matoon Act, now deceased. He said that the act's demise started in the club.

Earl Smart, attorney, plead for a status quo. He said it was pleasant to belong to a club that stood for nothing.

Dr. Robert Swenson, president of the chamber of commerce, asked the club to support a move for a paid secretary-manager for the chamber. "We waited for incorporation to see whether we would have a city manager to do the things we needed done . . . now it appears we will have to wait for a town council."

Judge Luther Hussey said he didn't see the need of changing organizations when things didn't go to please individual members. The community interests are now so diverse that no group can truly represent it. "Furthermore," he said, "no substitute has ever been found for municipal government. We still have need for government. We can get it only by incorporating or annexing to the city of San Diego," he added.

Roy Nielsen, real estate broker, said that "County government is not capable of handling our civic problems. We need an organization which can put pressure on this government to get improvements. We must have improvements to get these improvements on the tax rolls which will decrease individual tax burdens."

It was moved that the club continue along its present ways.

The Mason LINE

by Chan Mason

The recent appointment of Tom Warburton as principal of Grossmont High School for next fall will please parents and students alike. Tom spearheaded many L. G. charity and civic drives when he was vice principal at Helix. He also was a big factor in creating that now famous, "Helix spirit." His appointment will salve some of the wounded feelings of Helix students who will be forced to transfer to Grossmont next year because of overcrowded conditions at Helix.

—ML—

We received quick action on our inquiry to assemblyman Sheridan Hegland as to why the 4H and Future Farmers were denied a short session at the County Fair. "An answer should be forthcoming soon from the Division of Fairs and Expositions, and the possibility for a review of the decision is probable," Hegland said.

—ML—

We have yet neither read nor heard of one reason (let alone a good one) for not closing the Mexican border to all unescorted juveniles. Certainly S. D. city and county residents and nearly all of their elected representatives have labored hard and long to get legislation closing the border but to no avail. What gives?

—ML—

We wonder if many of our youngsters don't develop a disrespect for guns when they see tons of lead fired at their movie and TV cowboy heroes without one hero ever getting plugged.

—ML—

It is possible many juvenile hunting accidents occur because the youngsters don't realize just what a dangerous weapon a gun is. We think hunting is a fine sport for teenagers but it is probably the most exacting sport of all in that it allows for absolutely no mistakes, not even the first one. We hope our local Hunter's Safety Program, so ably conducted last year, will again be in operation this summer.

—ML—

We promise one thing, never to use Geo. Gobel's special stuff again. We've caught ourselves doing that once or twice and we like the little guy so much we don't want the same thing to happen to him that happened to Joe Penner. Remember how we beat that poor little expression "Do you wanna buy a duck" to death? Ruined Penner, too.

The Dimmer VIEW

by Max Goodwin

A newspaperman is called upon to hear so many sides of an issue he seldom stops long enough to ask an important question! The question is whether he must reject the psychopathic meanderings of some of the persons who make up organizations to foster controversies, or, whether to get out a butterfly net and join them.

At least a partial answer became clarified recently when I attended two meetings in a row . . . and in each the principal speaker was the same person, this person being Harry Griffen, local investor, businessman and rancher. That's the time I reached for the net.

To start with there is a group to which I belong which is headed by Dr. Frank Gigliotti. It began last year when the grand jury was investigating waste of taxpayers money in the school system of the county. Our group was started to investigate these charges in terms of our local schools, there being no Citizen's Advisory Committee to the Lemon Grove schools at the time. After some study we decided there was nothing to act upon and the group went into hibernation.

When our school system recently decided to acquire a 20-acre school site on the east end of Palm Street, a piece of land known as the West property, the group was called back into being by Gigliotti. He argued that the property shouldn't be used for a school, that it would take about 90 potential residences off the county tax rolls, this being the number planned by the Jaffe brothers, Sidney and Reuben, who operate the Mohawk Home Improvement Co., in El Cajon.

Last week another meeting on this subject was held at the home of Dr. Charles William Brown, a week after the group had appeared before the school board to ask that the decision to condemn and purchase the West property be rescinded. The board had rejected the request pointing out that nothing as suitable was available. At the meeting at the Browns' house, Jackson Ammons, a newcomer to the group, teed off on the school board of a year and a half ago which he said should have forseen the need for this property at that time. "I resent this waste of taxpayers' money," he said. Griffen immediately concurred although nobody explain how this was a waste of taxpayers' money, the price being the same then as it is now. Neither did anyone take the trouble to explain that Griffen was a member of the school board a year and a half ago. He was a member until only a few months ago when he quit in a fit of temper after the board decided it had to meet twice a month, instead of once, in order to resolve problems of a growing school system.

The day following the meeting at Brown's home, in a regular meeting of the Lemon Grove Men's Club, at which the future of the Men's Club was up for decision, Griffen demanded the

MacArthur Says He'll Give 'Searchful' Eye to Water Job

R. B. (Mac) MacArthur of 1022 Grandview Dr., La Mesa, is one of three men running for the post of Assessor-Collector-Treasurer of the Irrigation District.

Mac Arthur is a retired Naval officer who held a variety of administrative jobs during his 30 years service. He retired as lieutenant commander.

MacArthur said that his administrative experience makes him well qualified for the office. He said he would keep taxes in line by hard work and by a searchful eye. Tax problems will grow during the coming year he said, and it will take a well qualified man to handle the assessor job in a fair and equitable manner.

He is a member of several civic and veterans' organizations and is a Mason. This is his first experience in politics. He is presently operating a small avocado and lemon grove in La Mesa.

Incumbent Director Says Experience Will Pay Off

Harry Griffen, incumbent water district director from Lemon Grove, has been a resident of San Diego County for 46 years, the last 20 being in the La Mesa and Lemon Grove area. He is married and has three children, one attending Helix High School and two attending the Monterey Heights School.

From 1935 to 1945 Griffen was manager of the La Mesa branch of the Bank of America, and in 1946 he became vice president of the Mt. Helix Associates Inc., a position he still holds. This company is active in insurance, investments, and escrows in the Heartland area.

He owns and operates the Hillside Ranch in the southeast part

State Manufacturers To Report in Industry Census

Early in January, report forms of the 1954 Census of Manufactures were mailed to all California manufacturers by the Bureau of the Census, Department of Commerce. The information requested of manufacturing firms in this canvass will enable the Census Bureau to modernize the detailed manufacturers statistics, now of the vintage of 1947, for states and smaller areas.

An estimated 275,000 manufacturing establishments throughout the United States will receive the forms of the 1954 census. At the time of the 1947 census, a total of 240,881 factories in the nation reported value added by manufacture of $74.4 billion, an average of 14,294,304 employees in 1947, and salaries and wages of these employees totaling 39.7 billion.

The 1947 census showed 17,648 manufacturing establishments in California with value added by manufacture of $3,994.9 million, an average of 663,872 employees for the year, and salaries and wages of $2,064.5 million.

The top ranking manufacturing industries in California according to value added by manufacture, at the time of the 1947 census, were:

Aircraft	$ •
Petroleum refining	$187,034,000
Canning and preserving, except fish	$161,191,000
Saw mills and planing mills, general	$155,955,000
Newspapers	$123,853,000
Motor vehicles and parts	$ 97,509,000
Bread and other bakery products	$ 85,630,000
Wines and brandy	$ 68,926,000
Shipbuilding and repairing	$ 67,147,000
Commercial printing	$ 64,822,000

"The Census Bureau is prohibited by law from publishing figures which might disclose information about individual companies.

Democrats to Dance To Morgan Music

"Music in the Morgan manner" will be featured in the St. Valentine's Day dance planned by the Democratic County Central Committee which is to be held on February 12 in the Mission Beach ballroom.

Bob Harness, dance committee chairman, said today the arrangements were made in response to popular demand that Russ Morgan's group be brought to the spacious ballroom in Mission Beach so that his many thousands of fans might be accommodated.

Morgan's recordings with one of the nation's top diskeries have sold over 10,000,000 copies, an all time high for any band. Mr. Morgan, in his San Diego appearance at the Mission Beach ballroom will play and feature the same types of music and entertainment that has won him and his band such wide acclaim wherever they have played.

WELDING CLASSES TO BE HELD

A new class in welding will be offered at the Grossmont Union High School to adults beginning January 24 at 7 p.m. in room 84. This class is designed to teach the fundamentals of gas and arc welding.

A fee of $5.00 will be charged for materials used while learning. Anyone 18 years of age or older may enroll. The instructor is Mr. Erwin Holk.

Dr. Lee A. Durbridge, Pasadena, pres., Cal. Tech.—"The world has only a small chance of blundering through its present troubles, but has some hope of thinking them through."

Federal Employees Go Under Job Insurance

SACRAMENTO—Approximately 232,000 federal civilian workers employed in California gained protection against total loss of wages if they lose their jobs under the new federal law which extended unemployment insurance coverage to most civilian employees of the United States government starting the first of the year.

This was announced by William A. Burkett, director of the State Department of Employment, who administers the new federal program in California.

"The State of California has signed an agreement with the United States Department of Labor to act as agent of the federal government in the new program," Burkett said. "We will pay weekly benefits to qualified unemployed federal civilian employees the same as though they were actually covered by the California Unemployment Insurance Code. The Department of Employment will be reimbursed by the federal government for the added benefit and administrative costs."

Burkett explained that the provisions of the California law apply to the federal workers in regard to eligibility and benefit payments.

"The federal law specifies that the unemployed federal worker must meet the eligibility requirements of the state law and that he will be paid benefits in accordance with that law," Burkett added.

"In California that means the claimant must be unemployed, able to work, available for work, and actively seeking new employment. He will be tested on his eligibility for benefits exactly as are claimants who are covered by the California law. If he is eligible, he will receive weekly benefits ranging up to $30, depending on his prior earnings."

Grove Man Becomes Marine Lieutenant

QUANTICO, Va. — Graduated in December from the five-month Officers Basic Course at the Marine Corps School here was Marine Second Lieutenant Patrick D. Tobin, a graduate of San Diego State College.

He is the son of Mr. and Mrs. Patrick H. Tobin of 7831 Alton Dr., Lemon Grove.

He has been transferred to Cherry Point, N. C., for duty.

S. D. DACHSHUND CLUB TO HOLD MARCH MEETING

The second sanctioned match of the San Diego Dachshund Club open to all registered dachshunds, has been scheduled for Sunday, March 27, American Legion Hall, Chula Vista. Mrs. Kermit Paulson is chairman of the show committee.

Grove Soldier Serving on Kyushu

BEPPU, JAPAN—Army Waldo L. Coyle, son of Mr. and Mrs. Blaine J. Coyle, 7472 Central Ave., Lemon Grove, recently participated in the 187th Airborne Regimental Combat Team's "Operation Climax" on the Japanese island of Kyushu.

The last exercise of 1954 for the parafroopers, "Operation Climax" was held under low temperature, combat conditions.

Sergeant Coyle, a squad leader with Headquarters Company, 2d Battalion, entered the Army in February, 1952.

STATE AUTO INFLUX NEAR RECORD MARK

Some 1,628,513 out-of-state automobiles, carrying 4,428,597 visitors in California during 1954, totaled a near-record figure, the Automobile Club reported.

The high mark was reached in 1953, when there were 55,666 more visitors brought by 18,891 more cars.

Foreign car influx into the Southland followed the same pattern, with 830,916 autos, carrying 2,294,044 persons, entering this year, compared to 863,503 cars with 2,386,641 passengers last year.

A spokesman of the club's Touring Bureau explained 1954's figure as representing a more "natural" picture of out-of-state auto influx than 1953's.

"The slight difference, we believe, can be attributed to the Korean conflict, which brought an unusually large number of persons to California as servicemen or defense workers," he said.

!THE SHOW'S THE THING!

"The Black Knight," which opened at the Grove Theatre last night, is the latest in the cycle of the bold-knight-era spectacles. It is a fast-paced and exciting adventure tale, beautifully photographed in color on the actual location of Britain's terra firma. The movie has Alan Ladd and Patricia Medina sharing the leading honors. It was filmed on an expansive scale, with wondrous battle scenes as the climax to the intrigue to get His Majesty, King Arthur, off his throne. "Knight" was enthusiastically directed by Tay Garnett, who went in for expansive decor, magnificent real estate and tried his best to make the film an exciting one, although its plot is rather run-of-the-mill. Miss Medina looks as beautiful as she always does, but doesn't really get a good chance to display her acting talents to the fullest. If you loathe movies that are "dead" or "lifeless," you will want to see this pic as it really spills the blood in its deadly engagement of fisticuffs.

Sir Ladd plays a young swordmaker who is eventually knighted by King Arthur, after he rips up the countryside fighting Art's enemies of he nation. All in all, "The Black Knight" is an underrated film that apepals to most everyone. The companion feature is the spry film titled "New Faces" and stars Eartha Kitt and Ronnie Grahame. The main movie for the matinee on Saturday is "Tarzan's Magic Fountain."

Coming attractions (for Sunday-Tuesday) is "Dial M for Murder," with Ray Milland and Grace Kelly. Co-feature is "Three Hours to Kill," which in a broad sense fits the "High Noon" category of western movies. It stars Dana Andrews and Donna Reed and combines two popular fomulas—the western and the whodunit.—B. T.

Broadway Building Sold by Local Builder

The building occupied by Earl F. Bassett at 7880 Broadway was sold to Mr. and Mrs. Lester A. Richardson of San Diego for an undisclosed sum.

Bassett is exchanging his operations to include custom type homes.

Lee Sparks handled the sale. He occupied quarters in the same building and will also move.

"TRUTH" WILL BE SUNDAY LESSON TOPIC

"God shall send forth his mercy and his truth" (Ps. 57:3). This Scripture is the Golden Text of the Lesson-Sermon "Truth" in all Christian Science churches Sunday.

The sermon will stress the value, power and availability of God's healing truth. It includes this admonition of Paul in his first epistle to Timothy 2:1, 3, 4): "That, first of all, supplications, prayers, intercessions, and giving of thanks, be made for all men; . . . For this is good and acceptable in the sight of God our Saviour; Who will have all men to be saved, and to come unto the knowledge of the truth."

New President Installed by Helix Shrine

Lenox Foto

Ruessell J. Eakers, 4149 Woodland Court, La Mesa, is installed as president of Al Bahr Temple, Mt. Helix Shrine Club by Clarendon T. Smith, Potentate of Al Bahr.

Installation ceremonies were held Tuesday night at Michael's. The club is made up of 200 members, most of whom are Nobles of the Foothills area.

The club meets at Michael's every third Tuesday.

Read Jeremiah 26:12-16 or Matthew 20:20-28

The Lord sent me to prophesy against this house and against this city all the words that ye have heard. (Jeremiah 26:12.)

One day Jeremiah had stood in the court of the Lord's house and spoken to the people, calling them to repentance. The priests, prophets, and people seized him and said "Thou shalt surely die." During his brief defense, he spoke the words of our text.

The accusing ones could not but admire him for the courage of his convictions. Their respect was all the greater when he said: "As for me, behold, I am in your hand: do with me as seemeth good and meet unto you." He put the burden on them.

Jeremiah was acquitted. The verdict was: "This man is not worthy to die: for he hath spoken to us in the name of the Lord our God."

Because the spirit of God was in Jeremiah, he properly viewed his own life. He saw aright also the relationship between God and himself, God and the people, and the people and himself.

In every age God gives to those who devoutly love him and obediently follow Him a true view of life.

Prayer

Our Father, we find inspiration in considering the lives of Thy servants past and present. Grant to us that holy view of life as found in every close follower of Thine. We pray that the mind of Christ may be in us. In His name. Amen.

Thought for the Day

To see life from God's viewpoint, we best see it through the spirit and mind of Christ.

Russell Q. Chilcote (Tennessee)

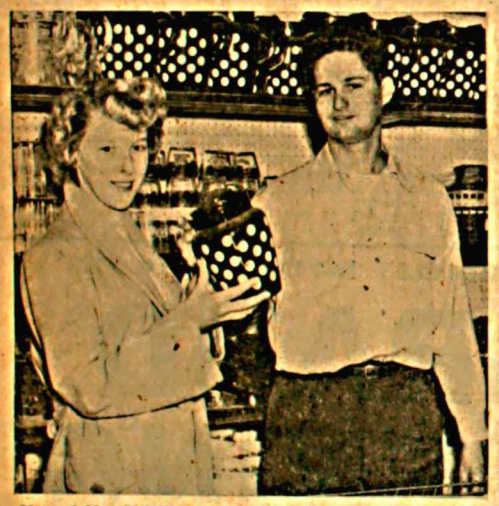
Top Brand Names Greet MAYFAIR SHOPPERS



Mr. and Mrs. Melvin Forston, 843 Glencoe St., come to Mayfair because of the accessibility of the market. He is an ex-service man and is now in the construction business. "Not only is the store convenient for visiting . . . it's convenient for shopping once you're in it," Norma Forston said.

Mrs. Walter Picht, 8835 La Mesa Blvd., whose husband is a retired fireman, poses beside one of the numerous merchandise displays in Mayfair Market.

"Everything here is so attractive," Mrs. Picht said. "We're from Seattle and we learned to like sea food there. Mayfair sea food reminds us of back home. We like all of the meat section," she added.

All over the world Libby canned goods are as a standard of quality and fair price. It is not unusual then, for Mayfair to align it's name and reputation with such a brand of food.

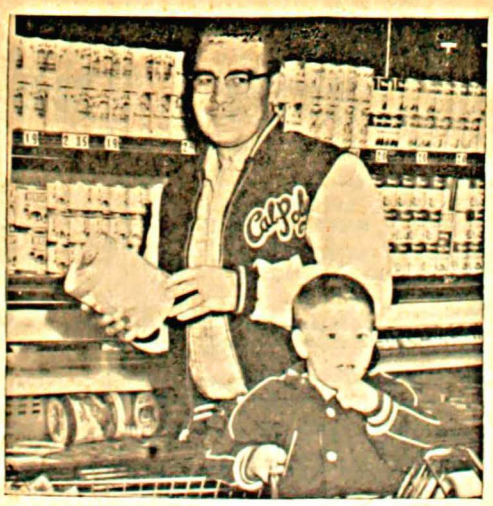
This week, in your Lemon Grove Mayfair Market, are huge displays of Libby's merchandise. Food we sincerely urge you to buy and try.

Libby's reputation assures you that higher quality is not available anywhere . . . and Mayfair's reputation tells you that it cannot be obtained for less.

That's why we so proudly call your attention to this week's feature in your Lemon Grove Mayfair Market.

Hazel Ducharme, a widow, who is a waitress at the Kissel House Dining Room, certainly should know good food, quality and price. "I have three children and have to fit my purchases within a budget," she said. "I like particularly the meat department . . . it's so nice and clean.

"My mother lives with us and she keeps an eye on the dinner table too," Mrs. Ducharme said. "All of us are happy with Mayfair."



William Biggs, 9746 Murray Ave., La Mesa, is a student at Cal Poly, together with his son Mark, is a first time shopper. "It's convenient, clean and friendly," Bill said. "Mark likes it too because the displays are so attractive."

Episcopal Delegates Attend Diocesan Convention in L. A.

The Rev. J. Phillip Bartlett of St. Philip's Episcopal Church, accompanied by elected delegates, Cdr. B. C. Hesser and Mr. A. Harry Beran, attended the Diocesan Convention at St. Paul's Cathedral, Los Angeles, last week. Alternate delegates were Mr. J. B. Pearce and Mr. William Nothomb.

Also elected at St. Philip's annual meeting a short time ago were the following representatives to the San Diego Convocation meetings: Mr. and Mrs. Ralph F. Elliott; Mrs. E. F. Cochrane; Mr. Donald While, and Mr. Carl Sharratt.

Installation of the recently elected Bishop's Committee of St. Philip's will be held next Sunday, January 30, at the 9:30 morning service.

Preparations for an evening Valentine Card Party are under way by the Woman's Auxiliary. Date to be announced later.

EGG TO GET CLUB TREATMENT TUESDAY

The Gourmet Section of the Lemon Grove Woman's Club will hold their first meeting of the year on Tuesday at the clubhouse at 1:30 p.m.

Mrs. Frank Eldredge, president, will present Mr. R. N. Sexauer of the San Diego Farm Bureau who will speak on "Quality and Standard of Eggs," in conjunction with Egg Month.

Mrs. Eldredge will offer some new ideas for Valentine's Day and some hints on household cleaning, spot removing, new gadgets, etc.

Mrs. Glenn M. Wyse has been named assistant to Mrs. Eldredge for the balance of the year.

MEMBERSHIP TEA FOR LEAGUE OF WOMEN VOTERS IS SET FOR SATURDAY

Mrs. George Lykos, president of the League of Women Voters of San Diego, announces that the annual Membership Tea will be held Saturday, 3 to 5 p.m., in the loggia of the House of Hospitality. Mrs. W. W. Hass, chairman of the tea, and her committee are planning a birthday theme in celebration of the 17th anniversary of the founding of the league in San Diego. Members of the committee are: Mrs. W. E. Wiechers, invitations; Mrs. Charles Reiner, decorations; Mrs. Gilbert Curl, official hostesses; Miss Anna Allsebrook, publications; Mrs. William E. Jorgensen, guest books; Mrs. John Riley, name tags; Mrs. L. R. Milne, refreshments. Presiding at the tea table will be the past presidents of the league, Mrs. Mary Fay, Mrs. Donald Abbott, Mrs. Burt F. Raynes, Mrs. Floss Brownlee, Mrs. Dorothy Worrall, and Mrs. Lawrence Spear.

Special guest and speaker will be Mrs. Robert Zurbach, state director of National Item II—Individual Liberties. Mrs. Zurbach's topic will be a discussion of the item, which includes a study of the Constitution and the Bill of Rights, with a view to developing each citizen's awareness of his basic heritage of individual freedom and its relation to the present day world.

The League is a non-partisan organization whose purpose is to promote political responsibility through informed and active participation of citizens in government. All interested women in the Foothills area are invited to attend.

I CORRESPOND WITH PRESIDENTS

By BOB TURNBULL

Let us pause, for an issue, and deviate from the usual proceedings this column offers. I would like to take this opportunity to write something that concerns us locally, and not to do with foreign presidents.

Approximately a month ago yours truly wrote an editorial (Letters to the Editor) to the San Diego Union newspaper. This editorial had to do with the tragic Burnett Furniture store fire and the ten brave firemen who were injured while doing their duty. It went on to explain about our quick thinking police and how they averted a major traffic-congestion, the skill that our firemen used in vainly trying to quench the flames, and the all around good judgment used by all concerned. A few days after the Union published this I received an interesting letter, letter-headed "San Diego Fire Fighters Association," The letter was thusly:

The San Diego Fire Fighters Association would like to thank you for your recent letter that was found on the editorial pages of the San Diego Union newspaper.

"It is truly gratifying to the men of our calling to read letters like yours informing the public that our responsibilities and obligations are not taken lightly.

"We are also happy to report that all but three of the firemen that were injured in the blaze are back at work. These three, fortunately, are recovering from their injuries.

'Very truly yours, A. E. Derrick, president, San Diego Fire Fighters Association."

By now the other three firemen are undoubtedly recuperated and back on the job—the job of protecting your homes, and sometimes, your lives.

(Next week: Another foreign letter.)

Chestmobile to Try To Better Last Year's Record

Plans for the visit of the Chestmobile in Lemon Grove early in February are nearing completion. The Mobile X-ray unit of the San Diego Department of Public Health will operate at 7860 Broadway (near Rella's Shoe Store) Friday, February 4 from 2 p.m. till 9 p.m. and on Saturday the fifth from 10 a.m. till 5 p.m. The Lemon Grove X-ray Survey Committee, made up of representatives of local civic and fraternal groups, met early last week to organize the X-ray survey. Mrs. E. E. Johnson of the Junior Woman's Club was elected as overall chairman by the survey committee. Members of P-TAs, the Lioness Club, Business Women's League, Lions Club and Chamber of Commerce make up the staff of the various other committees working to make the Chestmobile's visit a success. In 1952, 750 X-rays were taken in one day of operation in Lemon Grove.

"A community X-ray survey of this type has two main objectives," according to Mrs. Johnson. "First, to find new cases of tuberculosis; and second to find as much TB as possible in the two days of X-raying, so we must have 100 per cent participation from local residents. A special goal has been set by the planning group to X-ray older persons."

The Junior Woman's Club is organizing rest homes and other homes for olders persons' X-rays. All residents of Lemon Grove are urged to bring a "Senior Citizen" with them to the Chestmobile. The Chestmobile is a public service and all persons over 15 years of age are urged to have an X-ray.

• • •

All persons submitting to X-rays in Lemon Grove will receive the picture. There will be no charge for this and may be kept in testimony that they are free of tb.

M. H. Troop 450 To Hold Investiture

Troop 450 will have investiture for two new members Friday at their regular meeting, which is held each Friday, in the home of their leader, Mrs. Walter L. Tucker, 1505 Drexel Dr., at 1:30. The new members are Peggy Schuler and Connie Rae Alder. These two girls bring the membership of Troop 450 up to 13. Members registered early this year were: Terry Lou Betts, Darlene Butler, Kathy Jo Durham, Bertha Fisher, Zoanne Johnson, Lynette La Tour, Annette Latulippe, Jutith Linville, Lonna Mitchell, Sandra Payne, and Mary Lou Winbury. The registered adult members are: Leader, Mrs. Walter L. Tucker; Co-Leader, Mrs. Cyrus Butler; Committee Chairman, Mrs. David Johnson; Committee Mothers, Mrs. Richard La Tour, Mrs. John Fisher.

Stephen Westover Named Finalist in Retailer of Year Competition

NEW YORK — Stephen Westover of the Lemon Grove Lumber Company, 7750 North Ave., Lemon Grove, has been named one of 17 finalists in the building materials dealer category of the 1954 Brand Name Retailer-of-the-Year competition, it was announced by Henry E. Abt, president, Brand Names Foundation, the non-profit, educational organization which has sponsored these awards for the past seven years.

New York City's welcome mat will be rolled out for the entire group of 125 Brand Name Retailer-of-the-Year award winners; a plaque to the top award winner and Certificates of Distinction to the four runner-up winners in each of 25 categories of retailing.

The local firm is the only California lumber firm to earn its way into the finals.

GROVE OUTFITS TO HELP IN N. C. DIMES MARCH

Among the more than 150 units in the March of Dimes Parade in National City Sunday will be several from Lemon Grove.

Lemon Grove Elementary School's 55-piece band will march in the mile-long parade accompanied by the Lemon Grove Intermediate School Majorettes and Pom Pon Corps. A color guard from Lemon Grove Post 2082, Veterans of Foreign Wars, will also march. Local horseman Carl J. Vance is also entered.

The parade starts at 2 p.m. at Division and National Avenue. The units will progress south on National to 16th Street.

There are 16 musical units entered, including the Naval Training Center Band, Bonham Brothers' Boys Band, Ozzie's Band, and several others. Military cadet units from several county high schools will march including corps from Helix and Grossmont High Schools.

Following the parade, Roy Hogsed and Jan Golus (Miss San Diego) will be seen in a variety show at the corner of Eighth and National Avenue.

NEW OFFICERS FOR M. H. TROOP 334

Troop 334 had an election of officers earlier this month. The new officers are:

President, Lisa Norr; Vice President, Jane Dyas; Secretary, Sue Furgerson; Treasurer, Nancy Jones; Historian, Ruth Tucker.

The troop also voted to have a party night once a month. The hostesses for the month of February will be Jane Dyas and Nancy Jones.

JUNIORS PLAN LILAC TIME FASHION SHOW

By MARTI TITMAS

In the Lemon Grove Woman's Club Juniors the excitement is running high, so many things to do to make their Lilac Time Fashion Show a big success. The time? Why March 12. Where? The Cafetorium. Who? The Walker Scott Department Store. Donation? Of course, $1.75 for the afternoon showing, $2.50 for the evening. Why? Swimming Pool Fund.

If you keep a close watch on the business firms in town, you will note the lilacs blooming in each and every button hole. Letters have been sent explaining our project and the part to be played by the merchants toward our goal, a swimming pool for Lemon Grove, members of the club will be calling to answer questions and distribute the lilac sprays.

'Let's all get behind this project and put it over the top, make use of all the effort involved and soon we can dangle our size threes(?).

LETTERS TO THE EDITOR

Dear Mr. Goodwin:

The Monterey Heights P-TA wishes to express their thanks to you for acting as moderator on the panel at our January meeting.

We are so appreciative for the cooperation of busy people who aid us in putting on these informative and much-needed programs. Thank you again for making our evening a great success.

Very sincerely yours,
Monterey Heights P-TA
Mrs. R. S. Messner
Corresponding Secretary

Dear Editor:

Members of the Business Women's League join me in thanking you for your assistance in our recent playhouse raffle.

We sincerely appreciate your cooperation in this service to our community.

Very truly yours,
Alecia Scheneman
Corresponding Secretary
Business Women's League, Inc.

Dear Editor:

The Monterey Heights Girl Scouts would like to thank the fire department for their help and cooperation with our March of Dimes parade, also Mr. Cheatem and the Lemon Grove School Band, the Rotary Club for the donation of their loud speaker, and all of the people who contributed to our Block of Dimes last Saturday and made it such a success.

Sincerely
Mrs. Philip Titmas
Neighborhood Chairman

AUTO MECHANICS CLASS OFFERED AT HELIX

Beginning January 26 at 7 p.m. a class in Auto Mechanics will be offered to adults at Helix High School. This course is open to all men interested in a practical couse in auto mechanics.

Enrollment takes place in the Industrial Arts Shop, under George Cox, the instructor. Registration fee is one dollar. For further information please call HO 6-4155, Ext. 15 and 9.

CALIFORNIA STILL 'LAND OF OPPORTUNITY' SAYS N. A. M.

California faces vast new demands for investment capital, industrial research dollars and labor skills!

The Pacific Southwest Region of the National Association of Manufacturers released the latest results of a continuing research into what it terms a "Decade of Opportunity" for the people of this state.

In the past the NAM has released figures on tremendous expected growth in population, jobs, opportunities—and currently it is turning its attention to some "growth problems" which this state faces.

These include needs for new schools, roads, churches — more scientists, engineers and skilled laborers, the subject of the chart above, which stresses, "Progress Through Industrial Research."

As the chart indicates, it costs about $21,900 to support each scientist and engineer in industrial research, and it costs about $12,500 to provide tools and equipment for each new job which their efforts create. All this, the NAM says, means a critical new need for a flood of risk investment capital from savings and earnings, which can best be strengthened by a reform of taxes. It has proposed a gradual 5-year reduction of all progressive income taxation rates to benefit everybody subject to them, and has suggested that with reasonable economy the government can obtain sufficient revenue from the "strengthened broader base" resulting, the increase in money freed for discretional spending under control of the earner, and the general growth of the nation, which, in turn, provides more of an economic revolving "traffic" for taxation.

NOTICE OF PROPOSED SALE OF PERSONAL PROPERTY

Notice is hereby given that the Board of Trustees of Lemon Grove School District of San Diego County, California, will on the 10th day of February, 1955 at 2:00 p.m. at the office of the Governing Board, 8025 Lincoln Street, Lemon Grove, California, sell to the highest bidder for cash certain personal property including classroom, maintenance, office, cafeteria and miscellaneous equipment, an itemized list of which may be obtained at the office of the Governing Board, 8025 Lincoln Street, Lemon Grove, all of which is no longer required for school purposes.

Bids shall be submitted in writing and filed with the Clerk of the School District, 8025 Lincoln Street, Lemon Grove, California, not later than the above-specified time of opening. Each bid must be accompanied by a certified or cashier's check for not less than five per cent (5%) of the amount of the bid made payable to the order of the Lemon Grove School District, San Diego County, California, as a guarantee that the bidder will complete the purchase upon acceptance of the bid, and will be declared forfeited if the successful bidder refuses to complete the purchase after being requested to do so by this Board. The Board reserves the right to reject any and all bids, and withdraw such property from sale; also to waive any informality in the bidding.

Dated this 24th day of January, 1955.

LEMON GROVE SCHOOL DISTRICT OF SAN DIEGO COUNTY, CALIFORNIA
By Bert A. Betts, Clerk of the Board of Trustees

Approved as to form:
JAMES DON KELLER, District Attorney
By Manuel L. Kuyder, Deputy
L. J. Review, Jan. 27 - Feb. 3, 1955

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that the Lemon Grove Schol District of San Diego County, California, acting by and through its Governing Board, herinafter referred to as the District, will receive up to, but not later than 8:00 o'clock p.m. of the 14th day of February, 1955, sealed bids for the award of a contract for Electric Bookkeeping-Accounting Machine, Form Bars required for the performance of work designated in Item No. 31 of Bid Form, and Posting Cabinet. Such bids shall be received in the office of the Governing Board of said District located at 8025 Lincoln Street, Lemon Grove, California and shall be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the Information for Bidders, the Specifications, the Plans, and all other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of said board at the above address.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The District reserves the right to reject any or all bids, to accept or reject any one or more items of a bid, or to waive any irregularities or informalities in the bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

Continued from Page 1

of Lemon Grove, and from this ranch he packs and ships Mt. Helix brand celery to all parts of the nation. He is also a licensed General Contractor and until recently was active in residential building, having built over 300 homes in the La Mesa and Lemon Grove area.

Mr. Griffen is a past president of the La Mesa Rotary Club, and at present, is president of the newly-formed Lemon Grove Rotary Club.

Griffen said he has always recognized the need for capable people to make themselves available for local government and has served a number of years as a member of the Grossmont High School and Lemon Grove School boards of trustees. The very fact that he is a successful businessman and has been intimately and actively connected with business in this county for the past 30 years indicates a measure of his ability, he said.

Griffen says he can proudly point to his record on the local Irrigation District board and promises a continuation of the co-operation with with other board members in continuing a policy of a long-range expansion of service program, coupled with a desire to improve the water quality, consistent with the economy of the district. During his present term, Griffen has been active in sponsoring the employment of a business manager and as a result many efficient systems have been placed in effect and have resulted in a great financial saving to the water district, he said. The need for better means of informing the water users and taxpayers of the many problems that constantly confront the district, has long been recognized by him and only recently a public relations department was set up so that the people of the district could be fully informed about the affairs of their district, he pointed out.

Griffen said present members of the Board of Directors can best serve the interest of the people because of the long study they have made of the complex problems that arise in an organization originally designed to serve farmers, and now furnishing almost entirely domestic water. The long-range works improvement plans and the long-range overall financial program can best be administered, first, by those who have been successful in administering their own affairs, and, secondly, by those who have, through conscientious, cooperative effort, formulated and studied the plans and programs. The immediate future will require some very important decisions that could seriously affect the tax burden property will have to bear. It is important to re-elect those who have proven by their past actions that they have the willingness and ability to represent you, he said.

REBEKAH LODGE MEETS WEDNESDAY

Mesa Jewel Rebekah Lodge No. 409 of I.O.O.F., will hold a potluck supper at 6:15 p.m., February 2, at 8263 La Mesa Blvd., under the chairmanship of Pennelle Adams. Everyone is asked to bring their own kitchen service.

Lodge will convene at 7:30.

HEARTLAND PLAYERS HOLD SOCIAL AT LEEWOOD

"Party - time." "Party - time." Those two words were on the lips of almost every member of the Heartland Players of Lemon Grove, last Saturday afternoon, as they were preparing to attend their party that night. The Leewood recreation hall in the Leewood trailer court was the house of merriment that brought in several members of the theatrical group for dancing, eating, drinking, entertainment, and a general good time.

Some of those in attendance of the group's monthly "social" were: Barbara and Jack Arbuckle; Bette, Sam and Bill Baxter; Emily Jordan, Travis Keeton, Eve and Dick Johnson, Harry Robinson, Corinne Kuehne (and her husband) and a few others. The entertainment was furnished by the groups themselves with Harry Robinson playing a few delightful tunes on the piano, with vocal et ceteras, Mr. and Mrs. Kuehne doing a foreign folk dance (it was rumored to be a Polish polka hop), and an impromptu barber-shop quartet that vainly tried to haunt some old favorites in their salutary manner. Also with the Saturday night group was a noted guest named Art Chapman. Art, a future prospect of the H. P. L. G., enjoyed himself with Jeannette DiCosmo. Art is noted for his acting abilities recently displayed at the Chula Vista Community theater and also, from time to time, at the Globe theater. It is possible that Art Chapman will be in the group's next play, "Take Your Medicine."

The Heartland Players of Lemon Grove's next regular business meeting is Monday. Everyone is invited, and it is centrally located for the majority's convenience at the Lemon Grove Junior High School.

SCHOOL BOARD HAS STUDY ON CURRICULUM

An interesting display was featured at Monday's school board meeting held at the Lemon Grove Education Center. The 7 p.m. business meeting got under way with the board voting to send Mr. Byron Netzley to an administrator's convention to be held in Denver, Colorado, in the latter part of March. The board also voted "aye" on sending some teachers from the district to a special education conference at Alice Burney school in San Diego. The final item of business was whether or not to acquire a Mexican teacher, from Tijuana, for instructing our teachers in some Mexican dances so that in turn, they could teach. It was unanimously passed.

The display on curriculum was given by three local teachers who showed the excellent equipment used in teaching lower grade school children to use figures, count with blocks, numbers, etc.

Mrs. Roberta Smith, Monterey Heights first grade teacher, explained, with this equipment, how she teaches counting money and reading the calendar.

Mrs. Gladys Jones, pre-first and first grade teacher at Golden Avenue school, told about grouping of numbers, learning to read and write the numbers, in the more advanced class. Mrs. Hazel Jensen, third grade teacher at San Miguel school, explained the child's reactions and learning capabilities in using a book in arithmetic; learning to use liquid measurement; memorizing the days of the week, months of the year; playing various games, and learning Roman numerals.

The curriculum was educational and interesting to 22 people in attendance.

Nielson Calls for 30 Year Financing For Waterworks

Roy Nielsen, who is running for a seat on the Irrigation District Board, has operated, he says, as a building contractor, engineer, real estate broker and businessman in this area for the past ten years.

"I'm aware of the many problems, complex and otherwise, that confront us in the supply and distribution of water.

"If given the privilege to serve I feel the execution of these problems should be expedited to the fullest extent using all the modern know-how available under a long range scheme of financing.

"If we can finance so-called low cost housing for 30 years, we should be able to finance badly needed civic improvements for at least equal that or more."

Nielsen lives on Costa Bella Street.

DALLAS RAASCH NAMED PRESIDENT OF NATIONAL CORROSION ENGINEERS

Dallas Raasch, electrical engineer with the La Mesa, Lemon Grove and Spring Valley Irrigation district, was elected president of the San Diego Section of the National Association of Corrosion Engineers at a meeting of that group in Chula Vista last week.

The association includes representatives of all industries concerned with the use of metal, and is for study and exchange of information of methods for preventing corrosion.

Approximately 50 engineers, representing utilities and industries of San Diego county, attended the meeting held at Christie's Restaurant, Chula Vista, recently.

Raasch lives in El Cajon Valley.

M. H. GIRL SCOUTS AID POLIO FUND

Third annual block of dimes put on by the Girl Scouts of Monterey Heights was opened by a parade down Englewood Drive. The Lemon Grove Junior High School band added a lively tempo to the marching. The fire department added color with their two red fire engines. Entertainment was provided by Miss Sonka's dancing school. Miss McCurdy brought square dancers from the Monterey Heights school. Each troop entertained every hour. Mr. Mike Calhdorn and Mr. Bob Jones took turns being Master of Ceremonies for the day. We also wish to thank the merchants for their cooperation, also the Rotary Club for their donation of the loud speaker. The entire program was planned by Mrs. Philip Titmas and Mrs. R. P. Hicks.

Grossmont High School Official Discusses Boundaries At P-TA Meeting

An explanation of high school boundaries was given to parents last Thursday evening by Lewis Smith, Grossmont superintendent, when he spoke to members of the Lemon Grove School P-TA. He stated that students living within a two and one half mile radius of Helix High School would be enrolled there but that no transportation would be provided. Students in Lemon Grove who live beyond that distance would be furnished transportation to Grossmont High School. Students now enrolled at Helix or members of this year's eighth grade class at Lemon Grove may attend Helix, however, provided they walk or furnish their own transportation. Following Mr. Smith's explanation, he answered parents' questions from the audience.

The evening's program was dedicated to Dads. Frank McIntyre, public relations director for California Teachers Association, entertained the audience of over 100 parents with a humorous but informative talk on the achievements of today's children. Mrs. Genevieve Oliphant, district speech correctionist, explained the speech program in the schools. Room count award was won by the 8-3 and 6-1 classes.

Mrs. Margaret Darroch presided in the absence of Mrs. John Dail, president. Hostesses for the evening were room representatives of the 6-1 and 6-2 classes. The next meeting of the association will be Thursday evening, February 17, at which time a special Founders Day celebration will be held. Square dancing will highlight the evening.

WOMAN'S CLUB TO HEAR SPEAKER ON NARCOTICS

Mrs. Leland Chapman of Los Angeles will be guest speaker at the Friday meeting of the Lemon Grove Woman's Club at the clubhouse. The meeting starts at 1:30.

Mrs. Chapman will speak on "Narcotics" and of her personal experiences to overcome addiction. She is particularly interested in contacting young people and several high schools have been contacted for the purpose of having representatives present. The meeting is open to the public.

Hostesses will be Mrs. Hal Crow, chairman; Mrs. E. I. Duchemin, Mrs. T. D. Best and Mrs. Arthur R. Scheid.

ANNUAL FUND RAISING DINNER FOR HELIX CHOIR TO BE NEXT WEEK

The annual Helix Highlander Choir fund raising event, a spaghetti dinner, will be held Friday, February 4, at 6 p.m. at the Helix High cafeteria.

The event is sponsored and prepared by the Choir-Parents Organization. Dinner will be served following two and one-half hour rehearsal for two important performances. 1.) The American Heritage pageant which will be performed locally about Easter. 2.) Solo and Ensemble Festival to be held in the spring at Long Beach.

The menu for the evening will be spaghetti and meat balls, tossed green salad, french bread, coffee, and apple pie.

A get acquainted program will be held prior to the dinner with Mr. and Mrs. F. M. Robinson in charge. During the dinner hour, choir members Carol Prasser and Marilyn Hutton will entertain on the accordion.

A dance will be held following the dinner.

WOMAN'S CLUB VOGUES TO HOLD MEETING TUESDAY

The Vogue Section of the Lemon Grove Woman's Club will hold their next business meeting on February 1, in the clubhouse. All members are urged to attend and bring guests. The "new-member campaign is still going on, so see how many new members your team can bring into our club.

Coffee hostesses for the next meeting are Grace Hagen and June Connoley.

A pretty California miss takes a taste of a sweet California orange. To publicize the National Orange Show to be held in San Bernardino in March, a photograph of this historic bite was taken.

We reproduced it that our readers may know that girl bites orrange—orange has show.

Utt Elected Secretary Of Breakfast Group

Congressman James B. Utt was elected to serve as secretary for the year 1955 of the Prayer Breakfast Group of the International Council for Christian Leadership in Washington, D. C.

Holding meetings weekly in the capitol, the organization, which is composed of U. S. representatives, hears inspirational talks by outside speakers as well as by members of the group.

Being non-partisan and non-sectarian, it attracts a large number of congressmen regularly who feel that the inspiration thus obtained helps toward divine guidance for their work in behalf of the people they represent.

"It was primarily through our efforts," Congressman Utt explained, "that congressional action was taken setting aside a room in the capitol as a prayer room for use by members of congress. I am firmly convinced that the more we can do to encourage our nation's law-makers to recognize their dependence upon God, the less we will have to fear from forces attempting to wreck our American way of life."

State Scholarships Bill Introduced By Hegland

Assemblyman Sheridan Hegland of San Diego county has introduced a bill in the legislature authorizing the establishment of 120 four-year scholarships to be awarded annually to high school graduates by the state.

Hegland said "Many of us are concerned over the serious problem of private universities and colleges. Each year fewer college students proportionately are attending private institutions."

The La Mesa legislator has also recommended a resolution which would call for the full cooperation of the public in ridding magazine racks of obscene and indecent literature.

He said existing laws could result in action by the authorities to remove offensive publications from display racks.

"All right thinking citizens will agree that an informed and vigilant citizenry is society's best protection and that it is the duty of parents, parent and teacher organizations, and other civic-minded groups to mobilize public opinion and cooperation to the end that laws be fearlessly enforced by all duly constituted law enforcement officers and agencies," Hegland said.

PARENTS' GUILD TO HAVE RECIPE LUNCHEON

St. John of the Cross Parents' Guild will have a recipe luncheon Tuesday in the parish auditorium. Guests are to bring a salad, casserole or dessert as her admission.

Dr. Frank Tallman, UCLA psychiatrist—"We Americans are becoming too gladiator minded, because we take part in sports only as spectators. More active participation would ease some of today's tension."

New Chevron Station Opens Saturday

Bud Young, long time associate of Sandard Oil, will open a Chevron Station selling Standard products, at 2685 Imperial Ave. The station, which is being built for him, will open Saturday.

He has been with Standard Oil Company for 11 years and has been operating a station at Broadway and Buena Vista for the past 14 months.

Tailoring Firm To Have Local Representation

Representatives of the Ed B. Price Tailoring Company, nationally known firm of clothing, will be at Lane's Men's Wear in Lemon Grove, Friday, February 18, to take measurements and give advice on clothing.

The Price firm said that such visits usually attracted considerable attention because the advice and guidance was given objectively.

SECOND SEMESTER CLASSES FOR ADULT SCHOOL LISTED

Second semester Evening High School schedules of classes are now available at the post offices, public libraries and Grossmont Adult office.

New classes to be offered the second semester include Applied Science, Child Psychology, Civil Service Review, Food preparation and attractive serving, Radio and Electronics, and Welding.

Counseling is available to all interested in working for high school credit toward graduation.

UNIVERSITY WOMEN TO HEAR PSYCHOANALYST

Dr. Judd Marmor, distinguished psychoanalyst from Beverly Hills, will lecture at the January meeting of the American Association of University Women Friday at 8 p.m. at San Diego Woman's Clubhouse. His topic will be "New Developments in Psychoanalysis," and in it Dr. Marmor will cover briefly the history of the psychoanalytic understanding of human behavior, and how it has developed over the past 50 years. Self-understandng, and self-analysis will be discussed, as well as the advantages and disadvantages of psychoanalysis.

JAYCEES SCHEDULE HARLEM GLOBETROTTERS AT DEL MAR

DEL MAR—Reece "Goose" Tatum and the entire Harlem Globetrotters basketball aggregation is scheduled to appear here in Crosby Hall at the Exposition grounds Wednesday evening, Feb. 2.

This will mark their second Del Mar appearance, both times under the auspices of the San Dieguito Jr. Chamber of Commerce, President Jim Noonan said.

The Trotters will play the Toledo Mercurys in the headline attraction. In a preliminary game beginning at 8:30, the Philadelphia Sphas will oppose the Washington (D. C.) Mercurys in a regulation professional game.

A four-act variety program is on tap for between-games entertainment.

Local cage fans will recognize such players as Walter Dukes, former Seton Hall College center; Ermer Robinson, San Diego State College grad; Leon Hillard, one of the world's fanciest dribblers; Clarence Wilson, Willie Gardner and Charles Holton, all members of the Trotters varsity team.

SOMEDAY, TING-A-LING!

The telephone company in Tokyo recently announced that it was ready to begin acting on requests for telephone service and would start with applications dating back to 1906.

REV. ROCHELLE TAKES OVER BAPTIST CHURCH

Reverend Bob Rochelle Sunday officially took over the pulpit of the First Baptist Church of Lemon Grove. He replaces Reverend Morris Mulkey, who resigned his duties in October, 1954.

Reverend Rochelle was born in Trezevant, Tennessee and finished his high school work there. He went to Bethel College at McKenzie, Tennessee, spent three years at Union University at Jackson, Tennseee, receiving the A.B. degree. He also attended seminaries at New Orleans Baptist Theological, New Orleans, Louisiana and Southwestern Baptist Theological Seminary at Fort Worth, Texas, receiving the Masters of Theology degree.

His pastorates before entering the Chaplaincy were at Homer, Hodge and Coushatta, Louisiana, and in Pelzer, South Carolina. He entered the Navy Chaplain's Corp in 1945. (Was stationed at Wilmington, Calif., and overseas on Troop Transport.) In 1946 he became the pastor of the Parkway Baptist Church in Memphis, Tennessee and stayed there until February 20, 1952, when he was recalled to the Navy during the Korean war. He had 27 months of sea duty on the USS Delta (AR 9). He was transferred to the U. S. Marine Corps Recruit Depot in August, 1954. His family consists of his wife, Lucille, and two sons, Donnie, 11 and Bobby, 12.

Terry Brennan, Coach for Notre Dame

Notre Dame Coach To Be Speaker on 'Appreciation Night'

The National Junior Chamber of Commerce announced this week the nomination of Terry Brennan, Notre Dame football coach, as one of the ten most outstanding young men of the year.

San Diego will play host to Mr. Brennan January 27, when he will be the feature speaker at the "Appreciation Night" dinner, to be held at the Mission Valley Country Club, at which time the principals and coaches of San Diego City and County High Schools will be honored. The purpose of the event is to pay tribute to these men for the splendid contribution they have made through their athletic programs to San Diego youth.

In planning "Appreciation Night," Father Aherne, O.S.A., principal, expressed his personal gratitude for the assistance the local schools have extended to St. Augustine's High School in establishing its athletic programs.

Throwin' The Bull

By Bob Turnbull

It's a Joke, Son! . . . Some people don't have much to say, but you have to listen a long time to find it out.

—o—

Turnbull's Turnstile . . . With the closing of blue books at State College today, tonight will feature the annual Blue Book Ball given by the Frosh class and many female beauties are vying for the honors of queen. The graduates from Helix that are seeking the glory-laurel, and are sponsored by a fraternity, number three in total. They are Sanda Sebby, Pi Kappa Alpha; Betty Campbell, Lambda Chi Alpha; and Donalda Beebe, Kappa Alpha. Good luck, gals! . . . Patrick D. Tobin, son of Mr. and Mrs. Patrick H. Tobin, 7831 Alton Dr., Lemon Grove, was just moved from Quantico, Va., to Cherry Point, N. C. . . . Delores Shelby will soon become Mrs. Cecil Munsey. . . . A couple of local lads have just won offices at San Diego Junior College. Leonard Williams, Spring Valley resident, was unanimously elected as Associated Men's Students treasurer. Don Warfield, '53 Helix grad, was elected A.M.S. prexy. . . . "Christ died for us." (Romans 5:8.)

—o—

Platter Poll . . . Tops in pop records this week in the San Diego area: (1) "Let Me Go Lover," Teresa Brewer; (2) "Mr. Sandman," the Chordettes; (3) "Naughty Lady of Shady Lane," by the incomparable Ames Brothers; (4) "Hearts of Stone," Fontane Sisters; and (5) "All I Want From You" by J. P. Morgan. The leading classic this week is "Nutcracker Suite" by Conservatoire de Paris, conducted by Fistoulari. The top jazz wax is the Sonny Stitts version of "Every Tub."

—o—

Dis 'n Dat . . . Saturday 'fore last JC held a dance in the San Diego Club, sponsored by Sigma Tau Rho frat. Some of the local couples seen jumpin' and swayin' to "The Pastels" were: Delores Sanchez 'n Dick Lankford, Ramona Sanchez 'n Bob Turnbull, Glena MacAnish 'n Don Warfield, Leilani Rose 'n Rip Bojorquez, Wanda Stowers 'n Leonard Williams, and others. . . . What's Happening? January 27, Thursday—P-TA meeting, panel discussion; January 28, Friday—Helix at Mar Vista (basketball); January 31, Monday — first semester ends; February 1, Tuesday—Helix at Sweetwater (basketball). . . . Did you hear the one about the St. Paul (Minn.) winter carnival, bothered by so much warm weather that it finally offered a prize for the lowest golf scores? . . . Been into the Lemon Grove Investment Agency yet? By all means, do so! Do so and meet the friendly workers that are there for your benefit. The Grove agency is an agency of the La Mesa-El Cajon Savings and Loan Association that opened a branch agency to better serve its present customers and obtain new ones. It is located in the heart of Lemon Grove and has the following cordial people for your convenience: Kathryn Trower, R. C. Barth and John Davis, all capable and very nice, backed with years of experience and a good name. It is the opinion of this writer that you couldn't ever go wrong at our new Lemon Grove Investment Agency.

—o—

Highlanders . . . Oh, when those Highlanders fall into line, they're going to score a touchdown every time. And we will yell, yell, for Helix High, for Alma Mater we will sing her praises high, and we will go, go, go for another score, and we will cheer them, cheer them, evermore, for they are Highlanders of green and gray.

Second Installment Of County Property Taxes Due Tuesday

Second installment of real property taxes will become due on Tuesday, February 1, on those accounts not paid in full prior to that date. The second installment will become delinquent after 5 p.m., April 10. Attention is called to the fact that this is ten days earlier than in previous years.

In order to save extra endorsing of checks and money orders, all remittances should be made payable to Wilbur W. Easton, county tax collector. Bills now held by taxpayers, which were issued prior to January 3, 1955, carry the name of the former tax collector, Raymond B. Talbot, who retired on that date.

Another matter of interest to residents of unincorporated areas of the county is the fact that dog licenses are now due and payable and will become delinquent after January 31, and at that time a penalty will attach.

Girls' Peanut Sales To Soon End

Camp Fire Girls and Blue Birds will wind up their annual peanut sale next week, and from now until Feb. 3 when the sale ends they will be redoubling their efforts to reach their goal of 75,000 cans sold. The young peanut vendors set a fast pace with their sales the first ten days of the venture, according to John Dail, chairman of the peanut distribution center for Lemon Grove.

Reaching the goal means that there will be sufficient funds to take care of much-needed improvements at Camp Wolahi, Camp Fire Girls summer camp in Cuyamaca Mountains, as well as provide for repairs and equipment at the day camp in Balboa Park, Dail said.

To supplement their door to door selling, Camp Fire Girls have set up sales booths in downtown areas. Many of the girls' fathers are lending a hand in the sale, helping to erect and decorate the sales booths, furnishing transportation for the youngsters, and arranging for daughters to appear before their service clubs to tell about the peanut sale and what the proceeds are to be used for.

The Camp Fire Girls youth program serves nearly 3000 youngsters from the age of seven through 18 in San Diego County.

GROVE STUDENTS TO GRADUATE AT STATE

Five State College seniors from Lemon Grove are among 185 students to be graduated Jan. 28 (Thursday), subject to successful completion of this semester's work. A master of arts degree is to be conferred upon a Lemon Grove resident and another graduate student is to receive a teaching credential.

Candidates for A. B. degrees in arts and sciences are Annis Evelyn Quiggle, daughter of Mr. and Mrs. Richard Quiggle, 3559 Citrus St.; Mrs. Shirley Louise Wilson, daughter of Mr. and Mrs. James L. Killorn, 8021 Mt. Vernon; and Gerald Eldridge Tooze, son of Mr. and Mrs. Russell Tooze, 2862 Cypress.

To receive bachelor of science degrees are Beryl R. Morrow, son of Mr. and Mrs. L. F. Morrow, 7716 Mt. Vernon St., and Herbert N. Peterson, son of Mr. and Mrs. Gunnard Peterson, 1594 Drexel.

Robert L. Halvorsen, son of Mr. and Mrs. Linn Halvorsen, 6777 Central Ave., is to receive a teaching credential, along with 17 other graduate students.

Frances Lee Read, 7995 Mt. Vernon St., is to be granted a master of arts degree. Traditionally there have been no January commencement exercises. All mid-term graduates may participate in the regular graduation ceremonies in June.

Two Helix Girls in National Contest

Lucretia Slagill, 3707 Harris St., daughter of Mr. and Mrs. Slagill; and Mary Catherine Mac Arthur, 6965 Broadway, both students of Helix are in a contest which will name California's Homemaker of Tomorrow. The winner will be selected from 13,418 girls in 262 of the state's high schools.

A total of 189,530 young women in 8,090 schools across the land will take part in the program which is open to senior girls in graduating classes of public, private and parochial high schools.

A Homemaker of Tomorrow will be named for each participating school, each state and the nation.

A 50-minute written examination which will test individual aptitude for homemaking will be the basis for naming the winners of the $75,000 in scholarships, travel opportunities and other educational prizes offered by General Mills, sponsor of this search designed to glorify homemaking as a career.

The examination prepared by Science Research Associates of Chicago was given simultaneously in all schools earlier this month.

A chart which evaluates factors in home and family living has been sent to the schools for use in classroom discussions. A guide-book which analyzes various phases of homemaking will also be distributed.

The girl receiving the highest test score in each school will be entered in state competition where the winner will receive a $1,500 scholarship and a trip with her school advisor to Washington, D. C., colonial Williamsburg, Va., and Philadelphia. Her school will receive a set of the Encyclopedia Britannica.

The state winner who is named the Betty Crocker All-American Homemaker of Tomorrow in Philadelphia April 21 will receive a $5,000 scholarship. Aiding in making this choice will be a committee of 13 nationally known educators.

EXPERTS VIEW JUVENILES FOR M. H. P-TA

Panel of experts who sat for the Monterey Heights P-TA program on juvenile delinquency recently include Mrs. Bernice Miller, supervising assistant county probation officer; Max Goodwin, editor of the Review, moderator; Deputy Robert Ryan of the sheriff's narcotics squad and Rev. LeRoy Elster of the Lemon Grove Lutheran Church

Not present at the time of the photograph, but in time to take part in the forum, was Nevil Wiley, executive director of the Family Service Association.

Group decided that "delinquent parents" are generally the cause of most juvenile problems.

WHAT'S DOING

Forrest Dokken, your L. G. Telephone manager

Left-over wire gets new lease on life

In the telephone business, we call the wire that leads from your telephone at home to the pole outside a "drop" wire. Maybe you've seen some of our men putting up drop wires around town. If you have, you probably noticed that a few short pieces were left over on some of the jobs. Now, these odds and ends of wire weren't of much use until recently. It was too costly to splice them together. But now an economical way has been found to join drop-wire scraps into long, continuous pieces which can be put to work. Naturally, this is a big cost-cutter . . . one that helps us as we work to keep down the prices you pay for service. Pacific Telephone works to make your telephone a bigger value every day.

• • • • •

Home's never very far away by telephone

Just because Dad's out of town on business, he needn't be out of personal touch with the rest of the family. In just moments, you can all be together again—visiting, laughing, trading the latest news. For even when you're far away, home's as near as the closest telephone. And a visit by long distance is almost like being there in person. It costs so little, too. You can make a three-minute "station" call clear across the country, after 6 p.m. weekdays and all day Sunday, for only $2.00 (plus tax). And of course, rates for shorter distances are even less. So let long distance keep you in close touch with your family and friends. It's a pleasure you can hardly afford to miss.

• • • • •

A book every telephone user should have

More and more in these busy days, people are depending on the telephone to help them get things done — to call friends, neighbors, customers, and others. And with the list growing all the time, maybe you've found it hard to remember even those numbers you call most often. Well, the handy booklet pictured here will put an end to that. By jotting down your personal telephone numbers in it, you'll be able to keep track of them lots easier, find them lots faster. And you'll find this booklet especially helpful on out-of-town calls. For they go through twice as fast when you give the operator the number of the person you're calling, not just the name and address. We'll be glad to give you a free copy of this booklet. Just call, write, or drop in at our business office. Pacific Telephone.

DIMMER VIEW

Continued from Front page

Men's Club be spineless and non-objective. He said that a town-hall type of organization should be grown from the recent failure of incorporation. He said that such a move, however, should come from the average home-owner, the little "peepul" who do not look to any clique or selfish interest group for direction.

Here again came the wagging of heads. He then stated that such a move was already under way and that a public meeting would soon be called at our junior high school.

I asked at this point for the name of the head of this selfless group so that I could give the news to my readers so that they too could meet with this non-guided, free-wheeling coterie of "little peepul." The two names he gave me were wrong, and he knew they were wrong. Just who do you think is actually the chairman of this "spontaneous" group? It is the familiar old warhorse, Lee Thompson, brother-in-law of Tony Sonka, Lemon Grove's largest landholder!

For those who do not know Thompson, get in touch with me and I'll tell you about the Cypress road widening deal, the obstruction of high school unification and other interesting bits of persiflage. I'll also tell you he does not speak for me although I am as little as any of these "little peepul" he has decided to represent.

That brings into focus the other piece of this jig saw caper. Griffen, who has been yelling to high heaven to save tax money for the "peepul," and who is also pushing the proposition for a "spontaneous" meeting to resolve community affairs, will be the subject matter of a feature in next week's Review. The articles will show public records of his transactions in tax-deeded property of the Irrigation District . . . how it produced a personal fortune that might otherwise have been obtained by the District for the purpose of reducing district taxes of the "peepul" Griffen loves so dearly.

To avoid inspiring charges of political propaganda, this material is being held until after next week's election.

Now back to my opening theme! How do you follow such a meandering path of civic intrigue, yet maintain moral equilibrium? How do you appraise a theorum proposed to assist your community when the very proposers are suspect? Frankly, I don't know the answer. That's why I toss it out as I find it and let you be the judge!

POLIO 'D' DAYS

Continued from Front page

Chairman, this event will get under way at 7 p.m. and will visit every home which has some indication, preferably a porch light on, to invite the visitors.

At San Miguel P-TA the unit leader is Mrs. L. H. Nation; at Golden Avenue it is Mrs. I. E. Wilder; Monterey Heights, Mrs. C. D. Firebaugh, and in Vista La Mesa, Mrs. L. Berry is polio chairman.

In Spring Valley, Mrs. W. A. Dutelle and in Casa de Oro Mrs. Paul Hamm are chairmen. Last year the March produced $984.90.

These women will fan out through the various neighborhoods until about 9 p.m., returning to a central location to turn in their collections.

Mrs. Martin said that if there is no porch light available, a light in the window, or a scarf tied to the front door would be a Marcher's invitation.

In the case that the invitation is given, and the Marcher fails to call, probably because of too many other stops, the contributor should call campaign headquarters, where Mrs. Martin will be on duty. The number is CY 6-3187.

The wind-up of the local event will be a Success Dance to be held at Michael's on Monday, February 14. Tickets will be sold by Lions Club and other organizations. Entire proceeds from the dance will go into the pot, said Goldy. He said that profits from his place of business during the entire day would be added to the fund.

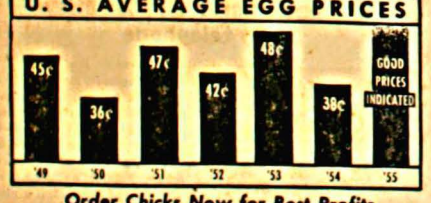
Early Chicks due to make extra profits next fall

predict most economists

Economists are predicting extra good egg prices next fall and winter. Their estimate is based on the fact that prices for 5 years have been down one year—up the next. The graph shows this fact clearly. While prices are higher in some areas, and lower in others, the down-one-year, up-the-next picture has been true everywhere.

The reason is easy to see. Many folks get disgusted when prices are low. So they don't start as many chicks as usual. And the shortage of eggs forces the price up.

U. S. AVERAGE EGG PRICES



Order Chicks Now for Best Profits

We urge all our friends and customers to take advantage of this profit opportunity. Let the other fellow quit. You'll make more money that way.

And please order your chicks early. If you start them early, they usually will make $20 to $40 *extra* profits per 100 pullets—because they're in peak production while egg prices are highest in the fall and early winter. See us real soon, won't you?

Rod and Gun Club To Meet Tuesday

At the regular meeting in Leewood Trailer Court at 8 p.m. on February 1, the Lemon Grove Rod and Gun Club will present a special film "Harvest of the Sea." Interested persons are invited to attend.

The film, "Harvest of he Sea," is an entertaining and educational film about the beds of giant kelp extending along the Pacific Coast from Mexico to Point Arguello. Don E. Gilman, who will accompany the film, is well known in broadcasting and advertising circles on the Pacific Coast.

SCHOOL COSTS COMMITTEE NAMES NEW BRANCH

Harry Griffen, Edmund Dunn, and Jackson Ammons were named on a committee to study school sites last week by Dr. Frank Gigliotti, chairman of the Citizen's Committee on School Costs when it met at a called meeting at the home of Dr. Charles William Brown. Two additional members are to be named later by Griffen who was named head of the sub-committee.

The group, at the request of the chair, re-affirmed confidence in its chairman, Dr. Gigliotti.

Gigliotti said that the purpose of the group was to "get the facts over to the people."

R'YTHM ROUND'RS TO HAVE BEGINNERS' DANCE CLASSES

The "R'ythm Round'rs" Club wishes to announce a beginner's Round Dance class, starting Monday, February 7, at 7:30 p.m. It will be held at the La Mesa Dale School, 4370 Park Ave., La Mesa. Roy Close is the instructor. For further information call HO 6-5307.

TRINITY CHURCH TO MARK 'YOUTH WEEK'

Dr. Elmer L. Jones of Trinity Presbtyerian Church will have as his subject next Sunday morning "Our Fellowship in Christ." Next Sunday will be observed as the opening of National Youth Week. A special invitation is extended to youth groups, Boy and Girl Scouts, to Cub Scouts and Brownies to be present for the 11 o'clock service.

Trinity has a regular schedule for Boy Scouts, Girl Scouts, Cub Scouts and Brownies each week, as well as the Westminster Fellowship Groups, both Junior and Senior which meet each Sunday evening. There is the Clipper Club for the young married couples and the Mariner Club for the older married couples, as well as the Women's Association for those who do not take part in the other organizations of the church, so there is an activity for each member of the family.

Methodists Reveal Plans to Build New Church

The Methodist Church of Lemon Grove will soon begin a major building program in the community, according to Reverend Don Cooke, minister of the church. A three acre site at the southeast corner of Golden Avenue and Washington Street has been secured for the project. The first unit to be constructed will be a multipurpose building consisting of a chapel, kitchen and classrooms for Sunday School. Off-street parking will also be provided. Approximate cost of the first phase of the project will be $40,000.

Rev. Cooke explained that this would be only the first unit of a long-range building program. Other units to follow will include additional classrooms, a lounge, recreation room, and finally a sanctuary. With the terrain of this site, it is expected that something very unique and beautiful can be done.

Mr. Victor L. Wulff of the architectural firm of Wulff and Fifield has been secured as architect for the project. Mr. Wulff has had extensive experience in the San Diego area, both in church and school building as well as in business and residential work.

The planning of the new church includes the extension of Roy Street across Washington Street eastward 450 feet. This will allow property owners to the east to open up much of their trapped land for subdivision purposes and contribute many new homes to the area. Other eventual improvements will include the widening of Washington Street 15 feet on the east between Golden and Adams, and widening and improvement of the Golden Avenue-Washington Street intersection. A new parsonage will also be erected on the southeast corner of Washington and the new Roy Street extension.

A Building Campaign will soon get underway to raise $25,000 of the cost of the first unit. The Southern California-Arizona Conference of the Methodist Church has already granted $10,000 toward the purchase of the site and will grant another $10,000 to the construction of the first buildings. The General Board of Missions and Church Extension of the Methodist Church is also ready to grant $5,000 toward the building. Other money needed is being borrowed from the Conference and General Board.

The Methodist congregation is meeting temporarily in the Lemon Grove Woman's Clubhouse at 2810 Main St. The church expects to continue meeting there until the new quarters are completed.

Local Schools To Be Represented At Good Teaching Conference

Mrs. Dorothy Geisler and Albert Van Zanten will represent Lemon Grove schools at the Fourth Annual Mid-Year Conference on Good Teaching this Friday and Saturday at the University of Southern California. The conference, sponsored by the California Teachers Association, Southern Section, and several affiliated educational groups, has the teaching of moral and spiritual values as its theme. Good teaching practices will be demonstrated, and a printed summary of the conference, along with lists of teaching practices, will be distributed to participants and school districts throughout Southern California. Approximately 600 teachers and administrators are expected to attend.

Peg Darroch, public relations chairman for Southern Section, will present Chet Huntley, ABC commentator, with the annual Communications Award. Her committee chose Huntley as the recipient this year from among many nominees submitted by teacher associations as the person who has done the most to present the truth about public schools and other related issues to the public. Attending the conference along with the two official district representatives, Mrs. Darroch will speak at the Friday evening dinner at Cap and Gown, USC.

Chamber of Commerce to Seek New Members

A plan for acquiring more members to the Lemon Grove Chamber of Commerce will be asked when the group meets for its regular monthly meeting Tuesday evening at the chamber's quarters on Main Street, president Dr. Robert Swenson announced this week.

"We've got to get more members who will take part in community activities if the chamber is to amount to something this year," he said.

Rollin C. Parson, as new promoted vice president and sales manager of the Security Title Insurance Company's San Diego office, was general manager of the company's home office in Los Angeles.

Parsons started with the company in April of last year and had been previously an appraiser of the Federal Land Bank in Wichita, Kansas. He joined the Occidental Life Insurance Company, California, in 1946 as field representative and became manager of the office in 1948. In 1951 he was transferred to the home office in Los Angeles to become loan officer in the loan-mortgage department.

UNIQUE ITEMS TO GO ON DISPLAY IN S. D. AUDITORIUM

Lemon Grove residents are invited to view Buffalo Bill's watch . . . George Washington's personal Camp Chest . . . the first whale oil lamp of the 1700's . . . exact miniatures of airplanes from the Kitty Hawk to the Sabre Jet and thousands of other items to be displayed in "Industrial Progress, U.S.A.," when it makes its first west coast appearance Jan. 31-Feb. 5 in the eighth floor conference room at the Walker-Scott Company.

This traveling exhibit comes to San Diego from the Henry Ford Museum and Greenfield Village in Dearborn, Michigan as part of a three-year tour aimed to bring this display to cities of 100,000 population.

Twenty of America's largest industrial firms are cooperating on the unique exhibit. The object is to bring home the incredible story of American industrial development and its benefits. Included in the exhibit will be original antiques, tracing the history of America's industrial growth from the colonial days up to today. In dramatic contrast will be shown modern counterparts of the early originals. Progress in food preservation is one of the factors that has brought our American standard of life and health to its present high level. There is a fascinating display of exact replicas in miniature of American aircraft . . . plus many other spectacular examples of progress.

Announcement of the pending exhibit was made by George A. Scott who said his firm is happy to provide facilities for "Industrial Progress, U.S.A.," in order that San Diegans may have a first-hand opportunity to see this exhibit.

There is no admission charge of any kind. The public is invited to see and compare the old with the modern. The hours will be: 12 noon-9 p.m. Monday; 9:30 a.m.-5:30 p.m., Tuesday through Saturday.

A curator, well-versed on Americana, will be on hand to explain the displays.

WOMEN IN UNIFORM

When it comes to jobs in the Armed Forces, women give men the stiffest competition in the Air Force, according to the American Peoples Encyclopedia. Of the Air Force's 398 job classifications in 1953, the WAFS could hold 308 of them. Next in line, comes the Army which opened 19 of their 32 career fields to WACS. In the Navy, less than half of the jobs were open to women. WAVES were eligible to 28 of the 62 Navy ratings.

Molasses Hot Breads Rival Dessert

Homemade bran muffins and brown bread, fragrant of molasses and served hot, are enough to make a person pass up dessert. They give a special touch to an otherwise simple meal.

Cereals and unsulphured molasses, staples on the pantry shelf, present themselves anew as hot breads. The bran muffins and brown bread with their whole grain or enriched cereals provide significant B vitamins and iron and help out with protein. Unsulphured molasses gives them a taffy flavor delight, and count on this sweetener for its energy values as well as its excellent source of iron.

Molasses Bran Muffins

¼ cup shortening
¼ cup unsulphured molasses
1 egg
1 cup bran
¾ cup milk
1 cup sifted all-purpose flour
2½ teaspoons baking powder
⅓ teaspoon salt
½ cup finely cut dates

Blend together shortening and unsulphured molasses. Add egg; beat well. Stir in bran and milk; let stand until most of moisture is taken up. Sift together flour, baking powder and salt. Add to molasses mixture with dates, stir only until blended. Fill greased muffin pans ⅔ full. Bake in moderate oven (350°F.) 30 minutes.

YIELD: 12 small muffins.

Molasses Brown Bread

1 cup sifted all-purpose flour
2 teaspoons baking soda
1 teaspoon salt
1 cup quick rolled oats
2 cups corn meal
1 cup unsulphured molasses
2 cups sour milk
1 cup raisins

Sift together flour, soda and salt. Add quick rolled oats and corn meal; reserve ¼ cup in which to coat raisins. Stir in unsulphured molasses and sour milk. Mix raisins with ¼ cup dry mixture; add to batter and mix well. Turn into 4 greased No. 2 cans, filling each ⅔ full. Cover with metal foil or 2 layers of brown paper tied in place with strong cord. Place on rack in large kettle with tight fitting cover. Pour in boiling water to approximately ⅓ of the height of can. Steam 2 hours.

YIELD:
